Integrated Community Solutions

Integrated Community Solutions (ICS) will provide safe, supportive homes where adults with developmental disabilities (DD) can age in place while surrounded by friends and other caring individuals. ICS is designing a pocket community for people with DD that will include home ownership, social and educational programming, and vocational training. We believe that people with DD deserve to have the option to purchase a home within a community of friends, and to build equity in a very important asset that may be used for later life care.

North Coast Community Homes

North Coast Community Homes (NCCH) develops and maintains high-quality, comfortable, and affordable community housing for individuals with developmental disabilities and mental health challenges. Our vision is to provide stable, safe, supportive home environments where people with disabilities thrive. Working as a team with families, caregivers, partner organizations, and a community of supporters, NCCH ensures houses are safe and meet the individual resident's needs. Modifications to the home, including; fire safety systems, ramps, lifts, and barrier-free showers, can be made to ensure safety, comfort, and maximum independence. As a result, NCCH housing enables persons with disabilities to live as part of a community they can truly call home. Visit our website WWW.NCCH.ORG for more information.
